

# MATERIAL SAFETY DATA SHEET

DATE: 11/3/23

## Section 1. Product and Company Identification

Product name: Style 520E  
Description: Nylon/Sp. woven fabric

Manufacturer: Gehring Tricot Corp.  
68 Ransom Street  
Dolgeville, NY 13329  
315-429-8551

Other Information: OSHA Hazard Communication Standard (29 CFR 1910.1200) requirements for Material Safety Data Sheets may not apply to this product. This product may be excluded as an article depending on chemicals used in processing. Information on potential hazards, if any, are listed in this datasheet.

## Section 2. Hazard(s) Identification

This fabric is not expected to create any unusual hazards when handled and processed according to good industrial hygiene and manufacturing practices. Irritation effects from dust exposure are possible at ambient temperatures.

## Section 3. Composition/Information on Ingredients

Fabric is composed of nylon and spandex that has been woven, dyed, and finished into different colorway. Finished fabric is not expected to be hazardous.

## Section 4. First Aid Measures

If irritation occurs, flush area thoroughly with water. If symptoms persist seek medical attention.

## Section 5. Fire Fighting Measures

Fabrics can be combustible. Hazardous decomposition products may be formed under fire conditions. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Wear self contained breathing apparatus for fire fighting if necessary.

## Section 6. Accidental Release Measures

No personal precaution anticipated. Avoid dust formation. Do not let product into waterways.

## Section 7. Handling and Storage

Handle in accordance with good industrial hygiene and safety practices. Avoid fiber fly, dust, and decomposition products by ventilation. Keep away from ignition sources and flammable substances.

## Section 8. Exposure Controls/Personal Protection

Use only with adequate ventilation. Avoid dust generation. Wear safety glasses when cutting or where airborne dust is present.

## Section 9. Physical and Chemical Properties

Woven fabric gets dyed into different colors. Insoluble in water.

**Section 10. Stability and Reactivity**

Normally stable. Product is stable under ordinary conditions of use and storage.  
Avoid exposure to open flame and high temperature.

**Section 11. Toxicological Information**

No information available.

**Section 12. Ecological Information**

No information available.

**Section 13. Disposal Considerations**

Treatment, storage, transportation, and disposal of product must comply with applicable federal, state, and local disposal laws or regulations.

**Section 14. Transportation Information**

US DOT: Not regulated.

**Section 15. Regulatory Information****Section 16. Other Information**

Current issue date: April 26, 2022
